Subject: PARK STREET – TEMPORARY CLOSING OF INTERSECTION AT AFFLECK ST.

In conjunction with the on-going Park Street Reconstruction Project, installation of crosswalks crossing Park Street at the intersection of Park Street and Affleck Street will occur on Sunday November 21, 2004. This will necessitate the closing of the intersection to through traffic during 11/21/04 and may continue on 11/22/04. Local traffic will be allowed to enter the affected blocks between Lawrence Street and Putnam Street. Access to stores and residences will be maintained, however through traffic will be directed to alternative routes around the construction activities occurring at the intersection.
